

GAINESVILLE.

Judge Piner Opens Court and Instructs the Grand Jury in Plain Terms.

Horrible Death of a Lady Living Near Greenwood by Burning—Dying—Personal.

Special to the Gazette.

GAINESVILLE, Tex., April 27.—District court convened in this city yesterday afternoon, Judge Piner presiding. The only work done during the afternoon was the organization and charging of the grand jury. He directed the attention of the grand jury specially to some sections of the statute, and instructed them to diligently inquire into any violations. The Judge also called the attention of the grand jury to the recent labor troubles, and stated that while he had heard of no violence in Cooke county he desired to warn good citizens who might be persuaded into violation of the law of the consequences. The court will be occupied with non-jury cases this week, and will commence the jury docket next Monday. The criminal docket will be called on the 30th of May.

H. B. Parrish, a young man who arrived in this city a few days ago, accompanied by his mother and sister, has been arrested on the charge of swindling, and placed in jail. It seems, by false representations he obtained money from several parties. Much sympathy is expressed for his mother and sister, who, it is stated, are much grieved over the young man's misbehavior.

The following letter has been received here, written by C. C. Snell and dated Greenwood, Tex., April 23: "Our neighborhood was shocked on the 21st inst. by receiving the awful news of the burning of the wife of Mr. J. W. Pennington, who lives about five miles southwest of this place. The particulars of the sad affair are about as follows: Mrs. Pennington was making soap, when her dress took fire. She went to the well to try and quench the flames, but being unsuccessful, she started in the direction of her husband, who was in the field. Her screams attracted his attention, but before he could reach her she fell from pain and exhaustion. Her clothes were nearly all consumed, and her limbs and body were burned till the skin was crisped and the flesh cooked. She died in a few hours. Her husband's hands were badly burned in trying to relieve his suffering wife."

The guild of St. Paul's church gave a Japanese tea to-night, which was well patronized. The proceeds will be used in giving the finishing touches to their new church.

Intelligence has reached here that Mr. R. J. Worthington, who went to his home in Tennessee a few weeks ago in hopes of regaining his health, is growing worse, and it is thought he can not survive much longer.

Rev. M. C. Blackburn, presiding elder of this district, left this morning for the general conference at Richmond, Va. Sheriff Beck of Collin county came in on last night's train with some attached witnesses.

County Clerk Thompson of Sherman spent yesterday in this city. Capt. J. J. Kane, the Fort's architect, is in the city.

TRUSTS.
Buy a package of Silver Leaf and give it a fair trial. If you do this you will never regret it. How many disastrous failures in making bread cause troublous vexation in the household? This can all be obviated by a trial of Silver Leaf. J. H. Brown guarantees its purity, strength and efficiency.

A SCHEME FOR A FREE RIDE.
The Forger Arrested at Big Springs—Returned to Get Back to Brooklyn.

Special to the Gazette.
NEW YORK, April 27.—Louis W. Hyde, the young lawyer who is charged with having committed a series of forgeries of tax receipts in Brooklyn, is now on his way from Texas. It has been ascertained that the whole amount of Hyde's alleged forgeries does not exceed \$1500, and the only sufferers are his clients. One Mr. Bullwinkle entrusted Hyde with all his real estate transactions, and he holds forged tax receipts to the amount of \$900. It appears that Hyde fled from the city with little or no money, and surrendered himself to the Texas authorities in order to get back to Brooklyn. The particulars of his arrest are not known as yet, but so much is surmised from the telegraphic correspondence between Sheriff Morrow of Big Springs, Tex., and Superintendent of Police Campbell of Brooklyn. Morrow has been offered \$500 for the production of Hyde.

Silver Leaf Baking Powder
Never fails when the directions are followed, hence there is never a word of complaint heard against it. The inexperienced cook is able to make as good bread with it as the professional baker, simply because its ingredients are so common as to make failure impossible when the directions are followed, a trial is all that is necessary to make it indispensable to all well-regulated households.

Springtown Knights of Labor
SPRINGTOWN, Tex., April 26, 1886.—At a regular meeting of Springtown Assembly No. 5849, Knights of Labor, held April 24, 1886, the following preamble and resolutions were unanimously adopted:

Whereas, the Parker County Alliance at its last meeting formulated a plan to put candidates in the field for state and county offices in the interest of the laboring classes, and invited the co-operation of the Knights of Labor and

Whereas, we view with suspicion and alarm any movement which has a tendency to convert our order into a political machine, thereby diverting it from its true aims and purposes and prostituting it to the personal aggrandizement of unscrupulous and designing politicians, who are ever ready to sacrifice the interests of the toiling masses for their own political advancement; and

Whereas, the composition of the committee that formulated the "Parker county plan," so-called, is such as to excite our liveliest apprehensions, as it was made up almost exclusively of office-seekers, some of whom have jumped astride of every conceivable hobby to ride into office; therefore be it

Resolved, 1st, that we, the Knights of Labor of Springtown Assembly No. 5849, do heartily endorse the views of T. V. Powderly, general master workman, and president of the grand state alliance, who announces that the Knights of Labor and Farmers' alliance are not and cannot be

made political machines with which to bolt into power disappointed and broken-down office-seekers.

2. That we will use every effort to keep our order true to its first principles, aims and purposes, and to prevent ourselves being made the tools of designing demagogues.

3. That the secretary be instructed to send a copy of these resolutions with request to publish to the Dallas News, Fort Worth Gazette, Times and Sun of Weatherford, Jackboro Rural Citizen and Springtown Pilot. A. DUNLAP, M. W. Attest: T. M. WADSWORTH, R. S.

Pain's Extract.
Men and women will suffer from a severe headache, when ten minutes spent bathing the head with the Extract would afford relief.

ADDITIONAL STATE NEWS.

Bartlett.
BARTLETT, Tex., April 26.—A heavy hailstorm passed over our little burg last night. Some stones were found as large as an egg. Corn and cotton were slightly damaged. Farmers are grumbling about the rainy weather. Weeds are growing faster than corn and cotton.

Groesbeck.
GROESBECK, Tex., April 26.—The recent heavy rains have injured cotton. Corn was never better at this season. District court was adjourned. The criminal docket of the county court was called this morning with twenty-two cases to be heard. Justice Cox is grinding with a few cases of smaller offences.

Ex-Sheriff T. E. Jackson is very ill.

Corwin.
CORWIN, Tex., April 25.—We are having fine weather, and the farmers are improving the time planting cotton and plowing corn. There is a large acreage of cotton being planted. Corn that was beat down by the hail looks well. There is a caterpillar here that is eating all the leaves off the trees; but it is not much feared. There is a worm webbing up in the corn that is creating some apprehension.

The mill and other property about Corwin has changed hands, through the courts, from Corwin, the present owner, to Cox, a former partner. There will be some valuable improvements made.

Pendletonville.

PENDLETONVILLE, Tex., April 26.—On last Friday evening Mr. E. P. Wolf, a farmer and highly respected citizen, fell dead while plowing. Heart disease is supposed to be the cause of his death. He leaves a wife and two children in destitute condition.

Webb Walker, a former citizen of this vicinity, has become violently insane, and was carried on last Saturday evening to the asylum at Terrell. L. P. Taylor of this place accompanied him.

A. L. Flint of the firm of Flint & Messer was married on the 23d inst. to Miss Annie Foutz of Belton.

Blossom Prairie.

BLOSSOM PRAIRIE, Tex., April 26.—A heavy hail storm visited this section this morning at 6 o'clock. This seems to be the center of scope visited. Gardens are injured some, and perhaps the fruit. The air was quite chilly for awhile, but the sun is out at 11 o'clock.

Prof. Hobbs of this place has been appointed to take charge of the summer normal to be held at Atlanta. He will have the assistance of Prof. H. L. Piner, the efficient principal of the Whitworth school. Several students from this point will attend at Atlanta. The people of Atlanta will do their duty, their normal will not be excelled in the whole state.

Montague.

MONTAGUE, Tex., April 25.—Several new buildings have gone up lately, and the material for several more is now on the ground, and the business men report business gradually on the increase.

A slight rain fell yesterday, but was not enough to do much good. Farmers report that they are well up with their work, and have as fine a prospect for crops as at any time in the history of this county. Wheat is coming out, and will make a good yield. The peach crop was about all killed during the late frosts, but a fine prospect for apples, for which this section of this county is well adapted, and farmers generally are turning their attention to that species of fruit.

The "Dime Social" at the residence of Mr. Wilson last night was a very enjoyable affair.

Baird.

BAIRD, Tex., April 26.—The series of meetings now being held at Belle Plain by Rev. Mr. Dunn of this place are daily growing in interest, with several conversions already reported.

The exercises held at the Stone church yesterday afternoon were very interesting, as all the children of the Union School were furnished with Easter eggs the previous Sunday, and most of them brought in the eggs yesterday well filled with money, and then the egg breaking began. However, some of the children left their eggs at home, and were requested by Superintendent Rashing to bring them next Sunday. Miss Jessie Turritt is the most successful of those who have brought forward their eggs. Her's contained \$1.50, and unless some of those who are yet out with the eggs beat this she will gain the prize. The prize will be awarded to the successful one at the May celebration, which will be about May 30. The church was very nicely decorated with vines and flowers by the ladies for Easter Sunday.

The base ball club No. 3 were out on the ground Saturday afternoon in full uniform of blue and red. It was a beautiful sight to see the little fellows play.

The many friends of Judge B. R. Webb are glad to note his rapid recovery from a recent severe attack of sciatic rheumatism. He will be on the streets soon.

Mr. Henry Jones left Saturday night for Eureka Springs, Ark., where it is hoped that he may recover from the misfortune now with him. About one week ago he was afflicted with paralysis of the tongue, and has spoken but few times since. His wife accompanied him to the springs.

Dried Blackberries.

Nice and fine, at the Fort Worth Grocer Co.'s.

Stylish suits can be had at Jas. H. Martindale, importing tailor, new store, 504 Main street.

Fishing Tackle.

The finest line of fishing tackle in the world at Anderson's gun store.

LONGVIEW.

A Conductor Shoots a Negro Through His Misunderstanding, Inflicting a Bad Wound.

The Knights of Labor Actively at Work—A Graceful Acknowledgment—Revival Work.

Special to the Gazette.

LONGVIEW, TEX., April 27.—A young bootblack was shot to-day by Conductor Price. It is supposed through a misunderstanding. The boy was quite badly wounded in the leg, but not dangerously hurt. It is said he ran hastily toward Price in the darkness, and in a manner to cause him to be fired at.

Since the late lecture by Mr. Coughlin a greatly increased activity is manifested among the Knights of Labor. The section men have been called out, preparatory, it is said, for the calling out of each succeeding higher grade of workers. A number of colored men are the sections quit work yesterday, so are of them saying the Knights are to give them \$4.50 per week for not working. The question is answered: Is this the beginning of the Knights' proposed new schedule of labor prices? If so it is a third less than the price paid by the companies. It seems, judging from a few outspoken remarks, that the year future will see the real beginning of a strike which the people have thought began the first of March and felt was about at an end.

In relation to the late jail escape of a negro who pounded the head of Jailer Clark and nearly "busted" the reputation of THE GAZETTE'S Longview correspondence for truth and veracity, the correspondent made a great mistake in accepting a common report, instead of going to headquarters and learning the facts. Thinking Sheriff Killingsworth was out of town because of the report that Officer Howard Booth had captured and returned the bootlegging black, and knowing Mr. Clarke and wife were in bed from the effects of the prisoner's blows, were the reasons he did not investigate more closely. The truth is, the negro wrenched the lid from the privy vault, creeping into the latter. He was missed by the jailor, who, after looking in all the cells (as he supposed), attempted to find his location. While his back was turned, the negro crept from his concealment and hid behind the door, and as Clark stooped to examine the broken vault, the brute hit him with the lid, knocking him senseless. His capture was made, though, and by the direct efforts of Sheriff Killingsworth and Deputies Cox and Stuart. An escape like this may be made from a jail even more safe, if possible, than ours.

A cold wave has precipitated an unsatisfactory dampness and cooled the ardor of our people. It is claimed by some to have been occasioned by the late Easter. The suggestion is made, with no hope of its acceptance, however, that its real cause is a late norther.

An interesting series of meetings has been in progress for the past three weeks in the Methodist church here, during which a number have been happily converted. The meetings are being conducted nightly with unabated vigor. Strenuous efforts are being made by a number of the Methodist laity to have the use of the organ (which is an excellent instrument) discontinued in church services; claiming that had it not been for its use during the present protracted services many more would have been "brought to a sense of their duty toward God and man." Their motto is, "Save sinners and let the organ go."

"Greek Slave" Tobacco.
The finest chewing tobacco ever put on the market. At wholesale and retail by the Fort Worth Grocer Co.

ECZEMA
And Every Species of Itching and Burning Diseases Cured by Cuticura.

ECZEMA, or salt rheum, with its agonizing itching and burning, instantly relieved by a warm bath with Cuticura Soap, and a single application of Cuticura, the great Skin Cure. This potent ointment, with two or three doses of Cuticura Resolvent, the new Blood Purifier, to keep the blood cool, the perspiration pure and unobstructed, the bowels open, the liver and kidneys active, will speedily cure eczema, tetter, ringworms, psoriasis, itching eruptions, head, dandruff, and every species of itching, scaling and itchy humors of the scalp and skin, when the local physicians and all known remedies fail.

Will McDonald, 242 Deacon St., Chicago, gratefully acknowledges a cure of eczema, or salt rheum, on head, neck, face, arms and legs, after seven years; not able to walk except on hands and knees for one year; not able to help himself for eight years; tried hundreds of remedies; doctors pronounced his case hopeless; permanently cured by Cuticura Resolvent (blood purifier) internally, and Cuticura and Cuticura Soap (the great skin cures) externally.

Chas. Houghton, Esq., lawyer, 28 State St., Boston, reports a case of eczema under his observation for ten years, which covered the patient's body and limbs, and to which all known methods of treatment had been applied without benefit, which was completely cured solely by the Cuticura Remedies, leaving a clean and healthy skin.

Mr. John Thiel, Wilkes-Barre, Pa., writes: "I have suffered from salt rheum for over eight years, at times so bad that I could not attend to my business for weeks at a time. Three boxes of Cuticura and four bottles Resolvent have entirely cured me of this dreadful disease."

Physicians Prescribe Them.—I have nothing but the highest praise for the results obtained from your Cuticura Remedies, of which I have sold more than all others of the kind. MONROE BORN, M. D., 250 N. Broad St., Philadelphia, Pa.

Sold by all druggists. Price, Cuticura Soap, Resolvent \$1.00; Soap 25¢. Prepared by the FORTY DRUG AND CHEMICAL CO., Boston, Mass. Send for pamphlet.

BEAUTY the complexion and skin by using the Cuticura Soap.

RHEUMATIC, NEURALGIC, SCIATICA, sudden, sharp and nervous pains absolutely annihilated by the Cuticura Anti-Pain Plaster, a perfect antidote to pain and inflammation. New, original, infallible. At drug

PUBLIC SALE

TOWN LOTS

Santa Anna, Coleman County, Texas, On Tuesday May 4, 1886.

SANTA ANNA is situated nine miles east of Coleman City, twenty-two miles west of Brownwood and is within five miles of the center of Coleman county, surrounded on the east, south and west by prairie, the soil of which produces cereals and fruits in the greatest abundance, rivaling the production of any soil in the state, and situated so as to command the trade of McComb, Concho and the southern part of Coleman county. It is confidently expected that SANTA ANNA will in the near future be the largest shipping point west of Temple.

In addition to the unexcelled mercantile advantages it is all one of the finest locations on the line of the Santa Fe railway to live, be it 1500 feet above the sea level, and at the base of Santa Anna mountain, one of the geographical curiosities of this country, which rises 2000 feet above the surrounding country and is capped by a ledge of limestone which for building purposes cannot be excelled in the state.

To the merchant who desires to have a business and a pleasant and healthy home for his family, this is the opportunity he has.

And moreover because he found it no

RELIEF!

CATARH.

Forty Years a Sufferer From

Wonderful to Relate!

FOR FORTY YEARS I have been a victim to CATARRH—three-fourths of the time a sufferer from EXHAUSTING PAINS ACROSS MY FOREHEAD AND MY NOSTRILS. The discharges were so offensive that I hesitate to mention it, except for the good it may do some other sufferer. I have spent a young fortune in my earnings during my forty years of suffering to obtain relief from the doctors. I have tried patent medicines—every one I could learn of—from the four corners of the earth, with no relief. And AT LAST (57 years of age) I have met with a remedy that has cured me entirely—made me a new man. I weighed 125 pounds and now weigh 145. I used thirteen bottles of the medicine, and the only regret I have is that being in the humble walks of life I may not have influence to prevail on all catarrh sufferers to use what has cured me.
